

NEW RATE ON PMUA ROLL-OFF CONTAINERS!

Customers come first at the PMUA, and we're proud to now offer you an exceptionally low rate on 10, 20, and 30 yard roll-off container rentals.

Are you a property owner cleaning out your basement or attic; a Realtor whose clients need a container on their property to dispose of materials? A contractor hired to do a major renovation or remodel, or a developer overseeing new construction?

At a flat rate of just \$260, customers can get a 10-day container rental* for quick, convenient removal of large scale debris and unwanted materials. PLUS with a 24 hour turnaround time, flexible payment options** and a new low price that includes the initial drop and pull fee plus the first ton of debris***, we're beating out the competition to provide our customers with the best service at the lowest price in the area.

PROPERTY OWNER TIP: Help save your contractor and yourself some money by using PMUA for your Roll-Off Container service. Most times when a contractor gives you a quote for your job, it includes the costs incurred for materials including containers. If your contractor uses PMUA they can capitalize on our super low roll-off rate vs using a more expensive company. As a result, the contractor could pass that savings along to you.

Roll with us! Supplies are limited, so contact us today at **908.226.2518** or Sales@pmua.org, to secure your container, or get more information about this great new deal.

**Rate includes 10-day container rental only. Additional days billed at \$10/day*

***Est 24 hr turnaround time. New contracts may require additional processing time. Available payment options depend on customer status as Plainfield property owner vs non property owner.*

****Additional tonnage billed at \$110/ton*
